PROFESSIONAL SUMMARY

Passionate and innovative software developer with hands-on experience in web development and 3D visualization projects. Proficient in Python, JavaScript, and SQL, with a strong ability to collaborate in team environments and deliver user-focused digital solutions. Adept at leveraging modern tools and frameworks to solve complex problems and improve system efficiencies.

SKILLS

Programming Languages: Python (Basics), C, HTML, CSS, SQL

Tools & Frameworks: Three.js, Supabase, Blender, Power BI, Microsoft Excel

Soft Skills: Teamwork, Adaptability, Communication, Problem-Solving

Certifications: IBM AI Fundamentals, Full Stack Web Development

EDUCATION

B.Tech in Computer Science

University College of Engineering, Kariavattom (2021 - 2025)

- Relevant Coursework: Web Development, Data Structures, Database Management

High School Diploma

The Oxford School (2019 - 2021)

PROJECTS

3D Interactive Campus Navigation System

Tools/Technologies: Three.js, Blender (GLTF Models), Supabase (PostgreSQL)

- Designed a web-based 3D navigation system to enable real-time campus exploration.
- Implemented features such as zoom, tilt, object selection, and contextual tooltips.
- Achieved enhanced user engagement by integrating dynamic building data visualization.

YouTube Video Summarization to Regional Languages

Tools/Technologies: Python, Natural Language Processing

- Developed a system that provides summaries of YouTube videos in regional languages.
- Streamlined content consumption for diverse linguistic communities.
- Collaborated in a team environment as part of a college mini-project.

Python-Based Student Record Management System

Tools/Technologies: Python

- Built a system for managing student records with functionalities to add, update, delete, and search by roll number.
 - Completed during a 1-week Python bootcamp conducted by IEEE.
-

TRAINING & CERTIFICATIONS

- **IBM AI Fundamentals** (Issued by IBM SkillsBuild)
 - **Introduction to Data Analytics** (Learntube.ai, July 2024)
 - **Google Full Stack Web Development** (Google Developers, Oct 2024)
 - **Power BI for Beginners** (Conducted by SimpleLearn)
 - **Introduction to SQL** (Workshop by NIT Calicut, Ragam 2023)
-

ACHIEVEMENTS

- Successfully implemented a navigation system improving accessibility for diverse users.
 - Earned multiple certifications in web development and data analytics.
-

ADDITIONAL INFORMATION

- Fluent in English
- Sports enthusiast with strong teamwork and discipline qualities
